CMSI 402 Project Status Sheet
Fall 2018

Name: Megan Karbowski   **Date**: 4/16
Project: Ancur   **Period Covered**: week 4/2 - 4/16

Accomplishments since last report:
- Ethereum and Bitcoin receipts returned when receipt is proved
- Returned receipts in a dropdown
- Formatted receipt and stamp results
- Changed hashing function to take in the document's unique information
- Implemented routing
- Started working on about page

Scheduled tasks to be done by next report:
- Provide informational popovers explaining how to use application
- Clean up about page
- Link about page to Stampery API
- Continue implementing new formatting and debug UI functionality
- Clean up display of stamp and receipt data

Noteworthy risks, concerns, or problems:
- Terminology used in the application needs background information for user to understand
